“The **Federation for American Immigration Reform** (FAIR) is a national, nonprofit, public-interest, membership organization of concerned citizens who share a common belief that our nation's immigration policies must be reformed to serve the national interest.”

FAIR's website contains information available for research, a newsletter as well as other publications, updates on policy and legislation and the latest immigration news.

Current action includes FAIR's support on gathering signatures in support of the Protect Arizona Now initiative that “would limit access by illegal aliens to non-emergency public benefits and programs, except for those required by federal law, like K-12 education.”

“The **Center for Immigration Studies** is an independent, non-partisan, non-profit research organization founded in 1985. It is the nation's only think tank devoted exclusively to research and policy analysis of the economic, social, demographic, fiscal, and other impacts of immigration on the United States.”

CIS's website contains publications available for purchase, CISNEWS (a daily list of full-text news item), and This Week in Immigration (a weekly round-up of links to immigration news).

Current focus includes population growth, critique of the Visa Waiver Program, and critique of city police department rules against enforcing immigration law.

## **American Immigration Control (AIC)**

Monterey, VA 24465

“AIC was founded in 1983 by a group of American citizens concerned about the future of our country. From its modest beginnings, AIC grew in less than ten years to become the nation's largest grassroots lobby for immigration reform. Today, with more than 250,000 members and supporters, AIC is leading the fight to bring common sense back to American immigration policy. AIC's goal is persuading Congress to reduce immigration to reasonable levels and increase security measures to deter illegal immigration.”

AIC conducts nation-wide mailings, petitions, bi-monthly newsletters, and conducts paid media advertising.

Current action includes sending letters and petitions to President Bush as well as the selling of AIC's new video, “American Labor Betrayed.”
